

## **GAME RESULTS OF AUGUST 12, 2010**

First, the daily sweeps. It was suggested that I do sweeps flighted by senior and super senior. But this would have left out the players who were neither. Not many, but a few, plus that was not announced in the beginning. So I did the daily sweeps based on three flights according to handicap, the usual way.

The results are:

Flight One: Marv Pierce, net 67, \$20

Larry Walker, net 70, \$15

Ernie Givani, net 73, \$10

Flight Two: Walt Christiansen, (match of cards) net 69, \$20

Mike Peters, net 69, \$15

Barry Mitchell, net 72, \$10

Flight Three: Jack Heskett, net 66, \$20

David Stone, net 72, \$15

Bob Jenkins, net 74, \$10

\$10 to the prize fund. This is normally more than I want to send to the prize fund. I try to distribute as much of the daily money as possible. However, if I paid four places in each flight, there were so many ties that each winner would receive less than two dollars. So I decided to add more to the prize fund to be used later.
