

Men's Club Game Results, Thursday, October 22, 2009

I am sorry that the results have not been reported more quickly, but I was in a bit of a quandary as to what to do. I set up the competition so that the team handicap was the sum of 60% of the low handicap player's index and 40% of the highest handicap player's. Unfortunately, the result was not what I expected. The first three low net teams were the three highest handicap teams. The three lowest handicap teams were 10 stokes behind. Statistically, this is very unusual, and is probably only possible because of an error in calculating the handicaps. To be fair, I have decided that all of the money winnings will go into the Roger Nielsen fund.

Actually, I decided to pay the top three net winners and to pay the top two gross winners. Unfortunately, this spreads the money out a bit. But I assume that no one is relying on these winnings for food this winter.

I am again suggesting an investigation by an appropriate committee. My hope is that proceedings to impeach the tournament chair will be forthcoming.

The results are as follows:

Net Winners

1st Doyle Blaylock/Michael Peters with net 51 (match of cards), each paid \$15.

2nd Frank Motzkus/David Stone with net 51, each paid \$10.

3rd Claude McColm/Mike Wilson, each paid \$5.

Gross Winners

1st Kim Roberts/Larry Walker with gross 71, each paid \$10.

2nd Bob Randell/Buzz Trainor with gross 73, each paid \$5.

By the way, check out the money leaders list posted in the men's room and then ask Dave Stone or Kim Roberts to buy you a drink.
