

GAME RESULTS, THURSDAY, OCTOBER, 8, 2009

The day started out a little cold, but by the late tee time, things had warmed up and the day was perfect, if not the golf. The turnout was below our usual, only 17 players, which made it difficult to field even four man teams. As a consequence not every team had a comparable A, B, C, and D player. But since all of our handicaps are up to date and accurate, the results should be fair. I had to do three blind draws to even out the foursomes. We ended up with a peculiar result were the magical Dave Stone ended up on the team that came in first and the team that came in second, walking away with \$18.00 in prize money, and Jack Haskett came in second and third netting \$10.00. An investigation has been initiated, and Dave Stone has agreed to chair the investigation.

First Place with a 123 was:

Frank Motzkus
Bill Grijalva
David Stone
Roger Nielsen
Each paid \$12.00

Second Place with a 127 was:

Randy McDonald
Michael Peters
Jack Haskett
David Stone (paired by a blind draw)
Each paid \$6.00

A two way tie for Third Place with a 129 broken by a match of cards was:

Barry Mitchell
Bud Whitney
Ray Merkel
Jack Haskett (pair by a blind draw)
Each paid \$4.00

The pilot, Russ Bowring, was able to guide his ball to a landing closest to the pin on Hole 15. But his 11-foot plus measurement means that he barely made the carrier. Of course, it also means that the rest of us went swimming!

Next week is the Red, White and Blue format, which means that you get to swing like a girl on 6 of the holes. Tee times start at 9:30 a.m. Sign up in the pro shop.

Roger Nielsen
